## Attachment(s)

**DETAILED ACTION**

***Election/Restrictions***

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-18, drawn to a microporous film or a method of manufacturing a microporous film.

Group II, claim(s) 19, drawn to a lithium ion battery.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

All of the groups contain the limitation of a microporous film, but each group has a special technical feature not shared by the remaining groups. Group II is directed toward a lithium ion secondary battery separator which has the special technical feature of a having an anode, a cathode and an electrolyte not shared by any of the remaining groups. Group I is directed toward a microporous film which does not require use in a lithium ion battery. The microporous film may be used for a capacitor or batteries other than lithium ion batteries.

A telephone call was made to Ronald Hildreth on 4/23/03 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
